Good Picture—

The American theatre management showed "The Road to London," Thursday evening, the film being unique in that interest correlated around English scenes, metropolitan and rural, to a greater degree than it did around the acting, although this was quite good enough to please. But famous London buildings and streets and the nearby prosaic countryside were shown in a way that was educational to a high degree.

The Methodist church will observe Easter in all of its services next Sunday. Special Easter songs will be a feature of the 10 o'clock Sunday school. The Knights Templar will attend the morning service at 11 o'clock.

COUNTY COMMISSIONER
BACK FROM ROAD TRIP

County Commissioner W. J. Bell returned Thursday evening from a trip to the north, going as far along the main traveled route as the Oregon line. Mr. Bell and his associates on the county executive board hope to secure state funds that will be expended on the road leading north through this county. This road is in good shape, said Mr. Bell, from Amos to Quinn river crossing. Much new improving has been done by the county road crew along this stretch of thoroughfare and work will start in a few days on the McDermitt road. Roadways are being graded, drain pipes or culverts installed where necessary to protect the roadbed and dragging will make the road surface smooth for travel.

Here to Get Daddy—

Mrs. Ernest Sullivan and little daughter Donnie, are here from the family home at McDermitt and will accompany Mr. Sullivan home in a day or two. He has so far recovered as to be able to make the trip whenever the weather shows signs of having settled.

NEVADA VULCAN MINES CO.

Nevada Vulcan Mines Co. stock is pooled, has a valuable standing and expect to make it more so. No stock scattered to be kicked about like a football. Mining Holding Co. shares should be the same.

100 shares Holding Co. stock 1c, \$1.00
200 shares Holding Co. stock 1c, \$2.00
300 shares Holding Co. stock 1c, \$3.00
400 shares Holding Co. stock 1c, \$4.00
500 shares Holding Co. stock 1c, \$5.00
And soon. Suggest to not subscribe for more than you are able to contribute monthly, 1st to 5th, for awhile. Will try to make Holding Company pay its own way as early as possible. Every share of Holding Company stock (to assist Leasers financially or loan them at the start) will receive ABSOLUTELY FREE same number of shares in Nevada Vulcan Co. Mine stock. This option open only for a short time. Will from time to time make further explanations. It's the intention to make these holdings very valuable during 1922. Nothing ventured, nothing made.

F. C. ROBINS, President,
Nevada Vulcan Mines Co.

HUMBOLDT RIVER

BASIN PRECIPITATION

In the mountains of the Humboldt River Basin the snowfall for March was above normal, and the precipitation for the season from September 1, to March 31, was generally one to two inches greater than the normal for the same period. The precipitation for the same period a year ago was slightly greater than is shown by the records for the present season. Measurements of the water content of the snow cover which were made the last of March of this season are in approximate agreement with the records of precipitation in the mountain districts. The water content of the snow cover in the Ruby Mountains and in

the mountains where the snow supplies water for northern tributaries to the Humboldt river is slightly less than the water content for last year, but is much greater than the amount of moisture in the snow cover at this season of the year in 1919 and 1920. In view of the heavy snowfall of the past winter and the fact that much water was carried over from last season in storage reservoirs, the outlook is promising for a generous supply of water during the coming season.

A four-line wantad—50 cents for three times—will accomplish results.
